Sittan (Bon) Charoensuwan

AI Implementation & Product Manager | GenAI Automation | Enterprise Adoption
Munich, Germany | +49 152 06245215 | sittan.siri@gmail.com | Portfolio | LinkedIn
Permanent German work authorization (Niederlassungserlaubnis) | Available immediately

PROFILE

Business-facing AI implementation and product manager with 5+ years across workflow automation, digital products and enterprise delivery. Built and scaled a GenAI content workflow across four DACH locations, halving cycle time; previously led a five-person digital unit whose four B2B solutions generated approximately THB 10M in first-year revenue.

PROFESSIONAL EXPERIENCE

Independent AI Product Development | Builder / Product Lead
Mar 2026 – Present · Munich

- Built bierpreis.beer, a Munich price-transparency MVP covering 181 venues, coordinating AI-assisted implementation across React, Leaflet, Node.js and PostgreSQL.
- Created an interactive EU/Germany Responsible AI guide covering AI-use classification, GDPR, vendor controls, transparency and human oversight.

JK-Fashion Verwaltungs GmbH | Product Marketing Manager
May 2022 – Feb 2026 · Munich

- Owned marketing and campaign strategy across DACH localisation and content operations, using performance and ROI analysis while coordinating agencies and vendors; analysing the workflow revealed a GenAI content-automation opportunity.
- Built the n8n proof of concept and ran a controlled two-location pilot against two comparison locations, measuring cycle time, cost, local relevance and approval rate.
- Addressed adoption barriers through a seven-person workshop; introduced human approval and GDPR data minimisation, scaled the workflow to four DACH locations and cut cycle time from two weeks to one.
- Shaped a vendor-supported mobile CRM roadmap and led the launch, reaching 3,000 users in eight weeks.

Tohklom Co., Ltd. | Innovation Product Lead, Digital Unit
Oct 2020 – Apr 2022 · Bangkok

- Built and led a five-person AI and digital unit; four B2B solutions generated 20% of first-year company revenue, approximately THB 10M.
- Took AI Expense Intelligence from 30+ SME interviews to an internal pilot, evaluated OCR extraction on 500+ receipts and designed confidence-based human review.
- Piloted QR Event Management and licensed it to five market competitors, contributing to 25% client adoption in the first quarter.

Merit Co., Ltd. | Enterprise Account & Strategy Executive
Aug 2016 – Aug 2018 · Bangkok

- Managed 30+ enterprise accounts including Unilever, Nestlé and Airports of Thailand, achieving approximately 70% year-on-year retention.
- Delivered approximately 50 projects worth EUR 25K–1.25M, coordinating client, creative, production and supplier teams and presenting ROI cases to C-level and procurement stakeholders.

ADDITIONAL AI DISCOVERY EXPERIENCE

Design AI GmbH, 2020 — Interviewed 20+ C-level stakeholders to identify 15 AI use cases; converted six into proposals and validated two as customer pilots.
